Rev. Dr. Goodwin, of Pennsylvania, presents a report from the Jeint committee on the German Prayer Book. He went into the history of the joint committee on this subject. One joint committee was formed in 1844, another in 1862, whose chairman was the late Bishop of Maine. The Rev. Dr. presented several resolutions as regards the propriety of permitting those coming from foreign shores to use their liturgic forms, not inconsistent with the doctrine and discipline of this church, until such time as a proper translation of the Prayer Book be made. He desired that this be put in the hands of a joint committee, to be reported on at the next Jeneral Convention. He also reported that a joint committee be continued until prayer.
